

## Tonks - Alchemist

The finest elixirs, magical devices, and solvents in the Northern Kingdom--you, Tonks, travel far and wide to peddle your wondrous brews and to visit the furthest corners of the world! This quaint county harvest faire is no less deserving than the rest.

...at least, that's your traveling persona. In truth, you are a master thief hiding in plain sight. Your alchemical knowledge comes from skills honed in pickpocketing and burglary, and your money comes from unwitting victims.

Unfortunately, you've had some close calls recently. You had to leave a luxurious life behind in a hurry, and lost all your earnings and alchemical ingredients in the process. On the road, you witnessed the murder of an man named Renton who represented the Logger's Guild, shot dead on his brown horse by the Huntress Chrysalis--though you managed to pick up the logging rights papers for the nearby Wrinkled Forest from his still-warm corpse. After that mixed blessing, your good friend Priestess Penelope got kidnapped by unknown persons with no prior warning!

Your alchemy business has been thoroughly crushed, but you overheard whispers of a mysterious Bone Idol of great power. Through either honest means or your usual methods, you could get that Idol and use it to brew new magical potions and maintain your cover.

If you can get your friend Penelope back, a fresh pouch full of gold, the Bone Idol, and stay out of trouble, then maybe you can finally get a new start. Is that so much to ask of a world-class thief?
